## Summary

- A front-end web developer and I try to improve myself constantly
- Learned web development from Programming Hero
- Able to design high-quality website through the technology I know
- Familiar with backend development
- Tools: Git, VSCode, Chrome Dev Tool, Adobe Illustrator, Adobe Photoshop

## Objective

- I want to establish myself as a web developer
- Want to be a punctual employee to rich the highest potential of my career
- want to establish me as an Effectual web developer and always look forward to the opportunity to give the highest reputation and prove myself as a web developer

## Skills

- Expertise: HTML, CSS, Boostrap, Material-UI
- Comfortable: JavaScript, ES6, React
- Familiar: NodeJS, Mongodb, Redux, Firebase, jQuery, Word press

## Projects

### 1. Pick me

🐙 **Git** | **Live Site**

- This is a ride-sharing app and created using the React.js library. Pick me is a fully responsive and user-friendly simple website that I build for riding vehicles inside a city. I did some backend-related work with it using MongoDB, node.js, API, etc.

- Only an authenticated user can order a ride. Firebase authentication system is used for testing purpose.
- User can select a location using the map

Technologies: JavaScript, ES6, HTML, CSS, Firebase, React, Boostrap, Mongodb, nodejs

## 2. BPL Player Retention

### Git  |  Live Site

- This site is created for Bangladesh Premier League player's retention.
- Select a player and add them to the cart it will show the total price
- Every player's cart shows a photo and their salary

Technologies: JavaScript, ES6, HTML, CSS, React, Boostrap, Mongodb, nodejs

## 3. Sports Mania

### Git  |  Live Site

- This site is created for showing football League details
- Selecting by League cart will show the details with team logo and player's photo
- For design, CSS grid layout and pure CSS is usedused

Technologies: Javascript, ES6, HTML, CSS, React, Boostrap

## Education

### Green University of Bangladesh

BSS Honours4th semester

## Language

- Bangla (Native)
- English (Reading, Writing, Speaking)
- Hindi (Speaking)
